# WHAT'S HAPPENING

A newsletter for the Maine Medical Center family

## Marilyn Flanders & Jon Bradstreet: Why We Donate to OUR Place

OUR Place Co-Chairs Marilyn Flanders and Jon Bradstreet lead by example, and they are steadfastly committed to giving back to Maine Medical Center. This is why they give:

**Marilyn:** "I contribute to OUR Place because I have gained so much from MMC. As an RN, I have had countless opportunities for support with both formal and informal education, career development and advancement. As a mother, I had tremendous experiences with the birth of both of my daughters in our East Tower. The OUR Place ap-

peal is an opportunity for me to give back to an organization and community that has given so much to me throughout my career."

**Jon:** "I have grown up within the walls of MMC and had many opportunities presented to me here. I love coming to work, and I wholeheartedly believe in the mission, vision and values of MMC. I try to live my life outside of work exemplifying the same values I embrace at MMC."

*Continued on Back*

## 'OUR Place'

### From Front

"Our son was born premature and spent 10 weeks in the NICU/CCN. I knew that MMC was a great place to receive care, but had this solidified with the exemplary experience my family had

during this stressful life event. I hope to have my face on the Wall of Honor for 40-plus years of employment here someday!"

Please join Jon and Marilyn in supporting OUR Place. Employees who contribute \$5 or more will be entered

to win an OUR Place T-shirt autographed by Rob Gronkowski! Please note that OUR Place is an employee giving program and only employees are eligible to win this contest.

You can donate online or fill out a pledge form and send

it the Philanthropy Department. You can also visit us in the MMC Main Lobby Monday - Friday, Noon - 1 p.m., through June 28 to make a donation in person.

Thank you for supporting OUR Place!

## 'Anniversaries'

### From Front

Patricia Iaconeta,  
Pulmonary Medicine  
Anne Michele Letourneau,  
Pulmonary Medicine

### 20 Years

Heidi Akeley, Neurosurgery
